Kathryn Cude and Grace Tidwell brought home a second place scholarship for \$1,500 at the Texas Midwest Community Network's annual meeting last week. The young ladies completed a storywalk path at the Munday City Park. The park includes 30 posts that hold a page to a children's book and a walking path. Jimi Coplen and Lorrie Coop mentored the ladies during the leadership project. "We are very proud of these young ladies and all they have accomplished," said Coplen. "They were a blessing to work with."
